Water Lilies

Class Name - Water Lilies

The name, *Water Lilies*, has nothing to do with the type of art and design we will be creating. We have adopted the practice of identifying each class by the name of a flower. This helps to create a visual identity for each class.

The number of sessions scheduled and the duration over which they are offered is a reflection of the breadth and depth of the content this course covers. Each class session is geared to the introduction of new material. The program assumes that each student will complete assigned work between sessions in order to stay abreast of the class. Some of the work to be accomplished for this course is completed in the classroom. Those who successfully complete the program to the required standard will be awarded the Gail Harker Creative Studies Center Certificate.
